COUNTY FAIR STARTS MONDAY FOR WEEK

A real old fashioned County Fair is the aim of the officers of the Oxford County Agricultural Society for this year's exhibition, the 197th annual, that gets under way next Monday and continues all the week on the fair grounds between Norway and South Paris. As is the custom school children of the county will be guests of the fair officials on the opening day.

Tuesday will see the start of the oxen and horse pulling contests and daily contests will be staged at the pulling arena. An evening program of pulling is scheduled for Thursday evening and special pulling events are carded for Friday and Saturday afternoons.

The 4-H dairy show will be held Friday which is designated by the officials as Oxford County 4-H Club day with all members guests of the fair officials. An entire section of the exhibition hall has been set aside for exhibits of projects of the club members.

An eight dash race program is scheduled for every afternoon of the week with the horses starting away under the Aldrich starting gate. Post time for the afternoon races will be 1:30.

The exhibition hall will be crammed full with grange, boy and girl scout, 4-H Club exhibits, as well as interesting and instructive exhibits of the Maine Agriculture and Forestry Departments, and the Maine State Police. A floriculture display by the Norway-South Paris Garden Club will be an added feature.

Vaudeville and a fireworks spectacle will be presented every night starting Wednesday. Each evening program will be climaxed by thrilling fireworks. A mile of fun is promised by New England's outstanding carnival, the Merit shows.

LOCAL DEMOCRATS HOLD ENTHUSIASTIC MEETING

Charles F. Saunders, Democratic town committee chairman and candidate for the State Senate, presided at the pep session following a supper attended by about 80 party workers at Odd Fellows dining room this Thursday evening. Bethel, Rumford and Albany Township were represented in the attendance.

State Committeeman Peter MacDonald and Miss Lucia Cormier, a state representative and candidate for reelection, both of Rumford, were the principal speakers. Both emphasized the need for stronger local organizations and expressed confidence that many gains for the party would be registered at Monday's election.

Miss Cormier gave brief but very clear explanations of the referendum questions and before adjournment plans were made to enthrone the more apathetic of the "unaffiliated" to a degree ensuring a visit to the polls.

No claims were made for a smashing Democratic victory on Monday but doubt was freely expressed that Maine returns would carry little if any other to national headquarters of the opposition.

That grounds for this belief seem adequate and reasonable was the consensus of the gathering.

REDSKINS LOSE TO RUMFORD POINT—FANS ASK BLUEPRINT

Only the statistical wizard who can rationalize a situation where a baseball team with ten safe blows scores one run to be defeated by opponents scoring four runs on four hits can properly tell the story of the Redskins' defeat at the hands of Rumford Point on the latter's home diamond Monday afternoon. Such an expert not being immediately available the following figures are submitted for analysis by Citizen readers:

DROUTH NOW CALLS FOR UTMOST CAUTION

Under the present drouth conditions it is possible for a roadside fire to be started through the carelessness of passing travelers which within a very short time may be beyond the control of a large group of firefighters. It is fortunate for this town that a fire was discovered in its early stages Wednesday forenoon beside the Grover Hill road. Noticed by Clayton Bane and Richard Lawrence, they got the blaze under control before one left to call help. Then Chief Robert Blake went to the scene and drenched the remains of the fire.

Remembering the precautions of last fall, when this section was spared from the destruction suffered by other districts, Chief Blake suggests that a spade or similar tool be carried in the cars whenever traveling during this dry season. A few minutes' work at the right time can avert untold damage, and carefulness on the part of everyone would at once remove the chance of needless loss.

MARRIED MEN SUCCUMB TO REDSKINS, 6-5; 12 INNINGS

Boistered substantially by players not yet blessed by nuptial bliss the married men went down to glorious defeat over a 12 inning route at the fairgrounds last Sunday. Although the Redskins scored two quick runs in the first on Brown's double, Croteau's single and Davis' one baser, the Benedicts denied the plate once in the third and fourth to knot the count. Both teams scored twice in the tenth. The winning marker came in the twelve when L. Bennett singled, stole second and third, and scored on Hall's single.

GOULD OPENS TODAY; LARGE ENROLLMENT

With new students arriving from a half dozen neighboring states on Monday, Sept. 6, and "old timers" renewing friendships on Wednesday, Sept. 8, Gould Academy was in readiness for getting under way with a full schedule of classroom and all other activities on Thursday morning, Sept. 9.

Headmaster Elwood F. Ireland stated that total enrollment for the opening of the Academy's 112th year was 256. New boarding students comprise three from Connecticut, 22 from Maine, five from Massachusetts, two from New Hampshire, three from Vermont, one from Washington, D. C., and one from New York. The freshman class will also welcome a large and promising group who were graduated last June from the Bethel Grammar School.

At the first faculty meeting of the year, Tuesday morning, Mr. Ireland announced plans for new, interesting week-end programs for the coming school year. Already planned for the first such week-end is a picnic lunch at the Ski Hill, followed by a buffet supper, weather permitting; students will then adjourn to the gym where the movie, "The Farmer's Daughter," featuring an Academy Award performance by Loretta Young, will be shown, after which dancing and refreshments will round out an evening unique in Gould's Saturday night entertainment program. This is but the first of a succession of "novelty" week-ends, in which members of the faculty will assist Mr. Ireland in planning and execution.

Labor Referenda Analysis

Next Monday all qualified will, or should, go to the polls to cast their votes for their choice of State and County Officials. Also, on the ballot, there will appear nine questions to be decided upon by the voters. The first five of these questions are not at all new to Maine voters and all, with the exception of Question 3-A, are self-explanatory, but the two proposed amendments to the State Constitution and the Tabb and Barlow Bills may leave many of us in a state of confusion.

Realizing the importance of these measures and also the fact that most of us are in complete ignorance of their contents, this is an attempt to enlighten voters by giving a fairly clear analysis of these questions.

QUESTION 3-A. "Shall licenses be granted in this city or town for the sale of malt liquor (beer, ale and malt liquors) to be consumed on the premises of taverns?" The law states that a tavern shall be a place where the customers stand up to drink their beer. At present, the state permits beer to be sold only where food is served and it also requires a customer to be seated when served malt liquor. If this is approved by the voters, then the booths and bar-stools will disappear from many of the local pubs throughout the State and be replaced by the long bar and brass rail.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 1. "Shall the constitution be amended as proposed by a resolution of the legislature to provide for additional signers in petitions for referendum?" The current law states that a referendum can be instituted upon the petition of not less than 10,000 electors to a number of signers that shall not be less than 10% of the total vote cast in the gubernatorial election immediately preceding the filing of the petition.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 2. "Shall the constitution be amended as proposed by a resolution of the legislature to regulate traveling expenses of

members of the legislature?" At the present time legislators are allowed traveling expenses for only one trip to the capital and the return home. The new proposal would give the legislators a trip home and return to Augusta each week that the legislature is in session.

THE TABB BILL simply bans the closed shop. This would mean that a company would not be compelled to hire only Union members even though there is a union in its shop.

THE BARLOW BILL would prohibit the Union Shop, Maintenance of Membership, Secondary Boycott, Jurisdictional Strike, Sympathy Strikes, Agricultural Picketing or Boycotting, and Anti-Union Contracts.

The Union Shop means that all employees must join and remain a member of a Labor Union.

Secondary Boycott means the refusal by a union shop to deal with or handle the products of a customer or supplier of a company in which there is a dispute between labor and management.

Jurisdictional strikes are strikes against one company in order to aid or win sympathy for a strike in another plant.

Agricultural Picketing or Boycotting means picketing on Agricultural premises or stopping movements of these products to market.

Anti-Union Contracts are required by some employers as a condition of employment. This forces an employee to sign or pledge that he will not join a union while in this particular employ.

It will be noted from the ballot that three choices are given. You may vote for the Barlow Bill, you may vote for the Tabb Bill, or you may vote against both bills. Only one square should be marked. If either bill receives a majority of the votes cast, it will become a law. If neither bill receives a majority, then the bill receiving the most votes shall be submitted by itself at the next general election. If it receives more than one-third of the votes for and against both.

REDESKINS SHOW REAL CLASH AGAINST WORTHY OPPOSITION

Five singles plus two wild pitches and a cleverly stolen base gave the Redskins the one big inning that spelled victory over their arch rivals Andover at Rumford Point Monday afternoon.

Apparently caught flat footed while attempting to steal second in the fateful 6th, pitcher Larry Sanders strolled casually by the second baseman to sanctuary on the keystone sack while its worthy guardian stood wrapped in admiration of Pete Baker's antics at third.

Pitcher Ruff failed to appreciate the humor of the situation and two wild pitches in succession enabled the batterymates to score with the runs that ensured victory. Bob Croteau and John Brown, right and center fielders respectively, each appeared a brace of blows tagged for extra bases.

Brown's peg to nullify J. Bodwell's attempt to reach third on French's sharp grounder through short fielding the more serious phase of a game which, including time out for discussions and arguments, consumed two hours and 27 minutes of the pleasant holiday afternoon.

WEST BETHEL LOSES CLOSE FRAY TO RAIDERS, 6-5

Despite the fact that he gave up only six hits, shoddy fielding cost Dick Rolfe a victory over the Raiders late Sunday afternoon.

Nobody's Business

With the common knowledge of the extremely dry conditions it is disappointing to notice the lack of interest in the welfare of the community that some folks display when they continue to waste water in lawn and garden sprinklers. Although Bethel village has never been without water, it could happen here.

An appreciated aid to "lost" tourists is the small sign pointing to routes 2 and 26 which is mounted atop the Keep to the Right at the head of Main Street. Too great a percentage of visiting motorists overlook the route numbers at the edges of the village and generally do not know that they are lost until they arrive at the head of Broad Street.

A simple sign like this may give them a more friendly feeling toward Bethel and will lift a load from local folk who have been setting them right.

The recent widening and gravel-surfacing of "Lovers Lane" has removed a lot of the romantic attraction which the name has implied through many years. This route now seems to get the most use by out-of-state cars headed to and from Songo Pond and provides a good short cut while it lasts. Fast drivers however will soon render it so washboarded that there will be little comfort in using the road. Besides, very much speed will make quite a traffic hazard at the junction with the Grover Hill road and routes 5 and 35.

It's Nobody's Business but yours how you vote next Monday, but for the best interest of yourself and the rest of us please vote. There are important matters waiting for your decision, and do not wait until you are in the voting booth before you reach a decision on these questions.

School Days! Very necessary and important for all concerned, of course. Happy carefree days they may be and may not. School kids have troubles, problems, worries, as great as they ever will have—and as good chances for fun and happiness too. But why try to tell them that these are the happiest days of their lives, when it is very likely that they will be as happy or much more so in later years.
